Achieving excellence is the result of high performance throughout the entire organization. Every process performed in your organization has an external or internal customer as its end result. If only one process fails to deliver high performance results, a customer will be affected!

Achieving Excellence

The big challenge organisations face today in achieving performance excellence is not the retraining of workers, but the retraining of managers. Development of managers is critical success factor in the pursuit of excellence. My final point on leadership is that within your area of responsibility you must create and sustain learning environment.
