Amtrak Safety Manual

Amtrak seeks to provide a safe transportation system for our passengers and a safe working environment for employees. Since safety is an essential element of our business, it must be an integral part of our daily activities. Safety programs are a fundamental building block within our plants, facilities, equipment, and procedures.

Amtrak Private Car Safety Manual

SMS is intended to move Amtrak from reactive responses to individual safety events toward a continual assessment and predictive understanding of risks facing the entire organization before an unwanted event occurs. SMS has been a cornerstone of improving safety in the aviation, health care and energy industries.

Amtrak Safety

The manual ties together, in a single reference document, policies, procedures and standards that apply to services the Train Service and On-Board Service employees perform. Read through this manual carefully and reference it when questions arise while on duty. It is Amtrak's expectation that supervisors will provide coaching

While onboard any Amtrak train please note the following for a safer and more enjoyable trip: Use seat backs and handrails while walking through the train. Watch your step when boarding and leaving the train. Watch your step moving from car to car while the train is in motion, as the vestibules can be slippery.

Personal Safety | Amtrak

This manual is a snapshot of Amtrak's equipment just as the first Amfleet cars were being ordered. It does include schematics of the new Amcoach, Amclub, & Amdinette cars at the end. The variety of equipment is amazing, with many oddball configurations. Most impressive is the contributions of the SCL and the ATSF to the equipment pool.

Safety Archives - Amtrak Media

Amtrak inherited legacy stations and facilities from its predecessor railroads that were in various states of disrepair, many of which date back to the early 1900's. The purpose of this policy is to establish minimum standards for facilities owned and maintained by the National Railroad Passenger Corporation (NRPC) "Amtrak". 3.0 . POLICY

Amtrak Policy and Instruction Manual

The safety manual was presented by Amtrak's then-special movements manager at AAPRCO's convention in St. Paul last September, where everyone was pleased with the result. AAPRCO alleges that a change-up in Amtrak's leadership transferred the manager to a different role and the safety manual was never officially posted to Amtrak's website.
