Eastern Divination: Chinese Astrology, Feng Shui, and I ...

Consider Balance . Anytime you're arranging furniture you have to think about balance. When too many visually heavy things are on one side of the room the entire space looks unbalanced. Since sofas tend to be large in scale they take up quite a bit of visual space, and they require something of equal weight across from them to balance out the room. This is why you often see two chairs placed ...

Btw, Eastern Feng Shui school of thought is not particularly fond of that placement, either; it is not considered to be 'good Feng Shui'. And since this room appears to have just the one window, even more reason not to block the air flow; and of course, also a much more expansive and comfortable feeling to actually be able to look out the ...

I need some help arranging a tv room - Houzz

Try arranging your flyers on the floor first. You can use spotters to help if needed. But the idea is to see how the pyramid will look before you put your flyers up in the air. Also, this will allow them to become comfortable with the body position needed to "hit" the pyramid in the air. If that doesn't work, draw a picture.
