connotation that indicates unwavering attachment to a set of irreducible beliefs. However, fundamentalism has come to be applied to a tendency among certain groups – mainly, although not exclusively, in religion – that is characterized by a markedly strict literalism as it is applied to certain specific scriptures, dogmas, or ideologies, and a strong ...

Tony Gaddis is the principal author of the Starting Out with series of textbooks. He has nearly two decades of experience teaching computer science courses, primarily at Haywood Community College. Tony is a highly acclaimed instructor who was previously selected as the North Carolina Community College Teacher of the Year and has received the Teaching Excellence award from the National ...

Starting Out with Java: From Control Structures through ...

Every third wave has a 7th, more powerful minion, known as a siege or cannon. Siege minions take much longer for turrets to kill, and are important allies. Super minions: powerful and durable minions that spawn when an opposing Inhibitor is destroyed. They spawn with every wave, replacing any siege minions, and buff nearby minions, making ...

Introduction. For decades, the “inverted pyramid” structure has been a mainstay of traditional mass media writing.

Following this structure, the “base” of the pyramid—the most fundamental facts—appear at the top of the story, in the lead paragraph.
