Shortly after today's virtual conference, Apple announced that the next major version of iOS will be ready for prime time very soon. iPhone users will be able to update to iOS 15 on September 20.

### Gadgets - TechCrunch

DVDs around; Amazon sells one for \$111.41 with shipping. So by buying this projector, I saved \$73, and can watch other European movies (Velt Helmer's "Baikonur" is a favorite). I use it to feed RCA-plug composite video to a professional InFocus computer projector, so I don't know how it will work with other displays.
