Daylight saving time (DST), also known as daylight savings time or daylight time (the United States and Canada), and summer time (United Kingdom, European Union, and some others), is the practice of advancing clocks (typically by one hour) during warmer months so that darkness falls at a later clock time. The typical implementation of DST is to set clocks forward by one hour in the spring ...

Fasting is the willful refrainment from eating and sometimes drinking (see Water fasting and Juice fasting). From a purely physiological context, "fasting" may refer to the metabolic status of a person who has not eaten overnight (see the "break fast"), or to the metabolic state achieved after complete digestion and absorption of a meal. Several metabolic adjustments occur during fasting.

When Is Easter 2021? This year, Easter will be observed on Sunday, April 4. (Eastern Orthodox Easter will take place on Sunday, May 2.) This Easter is just one week after March's full Moon (Sunday, March 28), which is the first full Moon to occur after the spring equinox (March 20, 2021) and is therefore known in the Christian calendar as the "Paschal Full Moon."
