The novel question that this case presents concerns the constitutionality of a public school's attempt to limit the scope of a public forum it has created. More specifically, the question is whether a school can, consistently with the First Amendment , create a limited public forum that admits the first type of religious speech without ...

Olmstead v. United States, 277 U.S. 438 (1928), was a decision of the Supreme Court of the United States, in which the Court reviewed whether the use of wiretapped private telephone conversations, obtained by federal agents without judicial approval and subsequently used as evidence, constituted a violation of the defendant's rights provided by the Fourth and Fifth Amendments.

Nuts have gotten a surprising amount of flack as of late. Many nuts have a fairly high PUFA content, and most of that PUFA is Omega-6, which is the bad one. It's easily oxidized, highly unstable for cooking, usually rancid on the shelf, and, thanks to government farm subsidies and public hysteria over animal fat, it's in absolutely everything nowadays.

(1) Over the past decades, the Union has made considerable progress in creating an internal market for banking services. Consequently, in many Member States, banking groups with their headquarters established in other Member States hold a significant market share, and credit institutions have geographically diversified their business, within both the euro area and non-euro area.
