As of this writing, Gutenberg has over 57,000 free ebooks on offer. They are available for download in EPUB and MOBI formats (some are only available in one of the two), and they can be read online in HTML format.

Single Engine Cessna 172

The Cessna 172 Skyhawk is an American four-seat, single-engine, high wing, fixed-wing aircraft made by the Cessna Aircraft Company. First flown in 1955, more 172s have been built than any other aircraft. It was developed from the 1948 Cessna 170, using tricycle undercarriage, rather than a tail-dragger configuration.

Cessna 172 Single Engine Piston Aircraft for Sale: Specs ...

Cessna 172 Skyhawk. That next big thing was the 172, which Cessna brought to market in 1956. The 172 wasn't as big a deal as the 170 in terms of concept—it really was a 170 with a nose gear, at least at first—but the impact of that nose gear, which made landing a plane not only easier but also a lot more reliable, changed the market.
