This book brings the field of tourism into dialogue with what is captured under the varied notions of the Anthropocene. It explores issues and challenges which the Anthropocene may pose for tourism, and it offers significant insights into how it might reframe conceptual and empirical undertakings in tourism research. Furthermore, through the lens of the Anthropocene this book also spurs ...

of understanding and responding to the modern ecological catastrophe than in accurately defining the geological epoch. Thus, this study seeks to contribute not simply to the growing literature on tourism and the Anthropocene, but more generally to the long-existing discussions on tourism and environmental discourse. This is done in three aspects.
